

## British Furniture Making and the Globalised Trade (online, 2–30 Nov 22)

online, Nov 2–30, 2022

Deadline: Nov 2, 2022

Adriana Turpin

BIFMO (British and Irish Furniture Makers Online), as part of the Furniture History Society, is offering an online course on Zoom to examine how methods and ideas about furniture making have been transmitted between countries from the seventeenth to the twentieth century.

Some speakers will consider how methods and designs in Britain were influenced by immigration to this country, while others will look at the impact of British furniture makers who emigrated to other countries such as the United States. These presentations will include a wide variety of fine examples of craftsmanship, from silver furniture in the seventeenth century to Ralph Turnbull in nineteenth century Jamaica and through to Arne Jacobsen in the twentieth century.

Each week the session will start at 4.30pm (GMT) and conclude at 7.30pm (GMT). Every session will be approximately 3 hours

Course programme:

WEEK 1 – Wednesday, 2nd November

The Impact of Immigration on the Furniture Trade in the 17th Century
